Install

1. Place the equipment on the flat ground, it is best to put a pad of cloth (such as felt, plastic ribbon cloth) under the equipment, and then expand it.
2. Find the air inlet of the equipment, then connect with the fan outlet, and fasten the fan port, and then fasten the spare air inlet with rope.
3. Turn on the blower and the equipment will be bulging in 5 / 10 minutes.

Our Service:

1. Professional service. We are a factory engaged in the air mold industry for more than seven years, with professional designers, production, sales and after-sales teams, can provide you with professional product quality advice.
2. Good raw materials. All the material we use is certified and good quality.
3. Product testing. For all finished products, we will carry out quality inspection, the quality must be qualified, and the customer's approval will be shipped. For product safety issues, we will never take risks.
4. OEM/ODM. We have professional product designers and production workers who can customize the color, size, style and details of the products according to your requirements.
5. Free 3D Design. If necessary, we can provide you with a free 3D rendering before production.
