Descriptions:

1)Material: 0.45-0.55mm (650GSM/18oz) PVC Tarpaulin, fire retardant, water-proof and lead free, with high tensile strength, abrasion resistance and excellent flexibility. Our PVC Tarpaulin resist high tempartute, rain, snow(-40° C), can jump 100000-200000 times at least, and has passed CE, EN, RoHS, SGS, ISO, ensuring high quality and long life time.

2)Stitching: Double & quadruple needle safe stitching & quadruple stitching with strong thread everywhere to make sure the inflatables are strong enough. And we make enough airflow zipper for each inflatable, so they can help you deflate the inflatable more quickly. We do reinforcement for all the zipper joint.

3)Specializing in inflatable products over than 10 years, with experienced and professional designers and production staff members.

4)Own advances techniques and high-tech equipments.

5)Self-owned brand and independent manufacturer, with high quality and best service as well as competitive price.

Advantages:

1. A strict quality management system.
2. Independent printing, producing and packing department.
3. Each department with a professional QC.
4. All products must be inflated for 24 hours before deflating and packing
5. Professional design team, advanced technology and equipment.
6. Large numbers of technical workers to ensure the timely delivery.

Applications:

For rental business, amusement park, family use, school, playground, and other commercial purpose business, advertising, party, club, park, square, outdoor activity, resell, exhibition, backyard fun, widely be used in outdoor and indoor.
