Our advantage of inflatable water games:

- 1) We make reinforcements everywhere for the big water park toys, the connection between items of the park are durable eyelets, the structure can make the giant water park connect very stable.
- 2) We install high quality air relief valve from UK on all the items of this water park, so the items can release air to a safety level automatically when the air pressure exceeded.
- 3) We use thick and big stainless steel anchor ring with durable anchor pads at the bottom of the inflatables.
- 4) Material: We use best 0.9mm or 0.65mm PVC tarpaulin for water games. the best material is very important for the games. All inflatable games are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. The flame retardant meet BS7837. Our material has been approved by the SGS.
- 5) Heat sealing machine: For the sealed water game, it is very important for good quality. We have advanced welding machine and the best workers in inflatable industry.
- 6) Printing: Digital print, silk print, or hand painting. The high level painting makes Topfun product will not be sticky and color fade, but sustain a long time. And it print quickly and in good quality. Further more, we make a liquid protecting film on the surface of digital printing,.

7) Blower/Pump: CE air pump: 220V; UL air pump: 110V
