PVC tarpaulin, it don't need blower inflate air all the time.	Remark	Sealed type, made by heat welding machine with Plato 0.60mm or 0.9mm PVC tarpaulin, it don't need blower inflate air all the time.

1) We make reinforcements everywhere for the big water park, the connection between items of the park are durable eyelets, the structure can make the giant water park connect very stable.

2) We install high quality air relief valve from UK on all the items of this water park, so the items can release air to a safety level automatically when the air pressure getting higher.

3) We use thick and big stainless steel anchor ring with durable anchor pads at the bottom of the inflatable

4) Material: We use best 0.9mm or 0.6mm PVC tarpaulin for water games. the best material is very important for the games. All inflatable games of Topfun are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. The flame retardant meet BS7837. Our material has improved by the SGS.

5) Hot welding machine: For the sealed water game, it is very important for the welding well. We have advanced welding machine and the best workers in inflatable industry.

6) Printing: Digital print, silk print, or hand painting. The high level painting makes Topfun product will not be sticky and color fade, but sustain a long time. And it print quickly and in good quality. Further more, we make a liquid protecting film on the surface of digital printing,.

7) Blower/Pump: CE air pump: 220V; UL air pump: 110V

8) Strong package bags: We spread air out to help deflation before roll the game, then put a band belt outside to tie it. We will use tarpaulin bag which is same material as the games to package the units. So the packages will not be frazzled during delivery process. For big units, we will make extra handle band outside of the packages. In order to let you find your goods quickly, we will paste a mark paper with your order number.

9) Accessories: Repair kit(material and glue),air pump,carry bag

FAQ:

1. How about the sales terms and warranties? Our products have been exporting to more than 50countries and regious around the world, 95% up abroad. Most products come with a one-year to three-year guarantee.

2.Do we make custom designs? Yes, just submit your detailed renderings, and we can create your custom products. Allow at least three weeks to receive your custom shape in time.

3.What is available for international customers? We sells products worldwide.We can make the necessary adjustments required to meet your local power systems.Payments are accepted through T/T, Western Union and Paypal.

4.How do you clean the products?
To wash:
Detach the fabric from the fan/blower.
Spray soiled area with pre-wash remover.
Use non-chlorine bleach.
Set the cycle to gentle cycle on cold with minimal rinsing and one load larger than it actually is (i.e. small load should be set to medium load).
