An inflatable arch or air-inflated arch is an inflatable structure that is inflated by an external cold air inflator connected to the arch via a tube. Inflatable arches are commonly used by outdoor promotional activities, events, sports teams and organizations. Multiple design capability make the arch a very versatile component for multiple event and promotional initiatives.

FAQ:

- 1.How about the sales status and warranties?

Our products have been exporting to more than 50countries and regions around the world, 95% up abroad. Most products come with a one-year to three-year guarantee.

- 2.Do we make custom designs?

Yes, just submit your detailed renderings, and we can create your custom products. Allow at least three weeks to receive your custom shape in time.

- 3.What is available for international customers?

We sell products worldwide.We can make the necessary adjustments required to meet your local power systems.Payments are accepted

through T/T, Western Union and Paypal.

4.How do you clean the products?

To wash:

Detach the fabric from the fan/blower.

Spray soiled area with pre-wash remover.

Use non-chlorine bleach.

Set the cycle to gentle cycle on cold with minimal rinsing and one load larger than it actually is (i.e. small load should be set to medium load).
