An inflatable arch or air-inflated arch is an inflatable structure that is inflated by an external cold air inflation fan connected to the arch via a tube. Inflatable arches are commonly used by outdoor promotional activities, events, sports teams and organizations. Multiple design capability make the arch a very versatile component for multiple event and promotional initiatives.

Clean the products

To wash:

Detach the fabric from the fan/blower.

Spray soiled area with pre-wash remover.

Use non-chlorine bleach.

Set the cycle to gentle cycle on cold with minimal rinsing and one load larger than it actually is (i.e. small load should be set to medium load).
