#### Descriptions:

The whole set is by hot air welded , all the connections,crosses are double covered to make sure it from leak ,this is best advantage compared to others.Besides,our hot air machine worker has been in this filed for over 10 years ,they are able to provide you a durable water game which can be used for 5-8 years for sure.

The material we use is 0.65mm or 0.9mm thickness pvc tarpaulin from plato company which is the best in this field.

It is about 210kg ,shipping it by air is a good choice if you only need this one time.3-5 days for production and 3-4 days for shipping.

It is customized product, tell us the size and color you need if interested, we will work out a good product for you.

#### Details :

- 1.PVC tarpaulin : fixed width is 2.1 m . it is waterproof, fire- retardant, anti- ruptured, UV-proof function and can be used in the rainy and sunny days .
- 2.It comes with slide up and down ,a CE/UL blower and repair kits ,applied to outdoor water amusement games for adults .
3. Turn on the pump connecting valve and electricity supply for inflating , input air only once , then can stay a long time .
4. Many D rings around the bottom and top as anchors with rope to tie a weigh, in case of strong wind to blow it away
5. Welded by hot air strongly , it is difficult to break .
6. Different attractive colours and artworks ,amusement park as show in the picture .

#### Advantages :

- 1, strong weld.
- 2.With pump to get it work.
- 3, full colors are available.
- 4, can print logos, banners or artworks.
- 5, durable, 5-8 years usage life span.
- 6, safety for water fun.
- 7, once broken, it's easy to repair, get it fixed and to work again.
