Descriptions:

- 1, D rings with ropes inside connecting two layers.
- 2, put it in the water, people can climb inside and walking on water for palying, Max 5 kids, 3 adults at the same time. It is very exciting games in the water.
- 3, valve with electric pumps to inflate it, it is a airtight product, once inflated, it can last for a period of time.
- 4, Any sizes, shapes/designs, colors we can work them out according to customer requirements.
- 5, elastic or plastic handle are available.
- 6, special design can splash the water.

Advantages:

- 1) We make reinforcements everywhere for the water toys.
- 2) We install high quality air relief valve from UK on all the items of this product, so the items can release air to a safety level automatically when the air pressure is over expanded.
- 3) We use thick and big stainless steel anchor ring with durable anchor pads at the bottom of the inflatables.
- 4) Material: We use best 0.8-1.0mm PVC/TPU for water roller.
the best material is very important for the games. All inflatable games are made by high durability fire-retardant PVC/TPU. The flame retardant meet BS7837. Our material has been approved by the SGS.
- 5) Hot welding machine: For the sealed water game, a good welding is very important. We have advanced welding machine and the best workers in inflatable industry to ensure reach that.
- 6) Printing: Digital print, silk print, or hand painting. The high level painting makes our product will not be sticky and color fade, but sustain for a long time. And it print quickly and in good quality. Further more, we make a liquid protecting film on the surface of digital printing.
- 7) Blower/Pump: CE air pump: 220V; UL air pump: 110V.
- 8) Strong package bags: We spread air out to help deflation before roll the game, then put a band belt outside to tie it. We will use PVC bag which is same material as the games to package the units. So the packages will not be frazzled during delivery process. For big units, we will make extra handle band outside of the packages. In order to let you find your goods quickly, we will paste a mark paper with your order number and print our company's logo on outside of package PVC bag.
- 9) Accessories: Repair kit(material and glue),air pump,carry bag.

Applications:

inflatable water roller can be widely used as summer water park, water game parks, paradise amusement water park, for outdoor use, or other purposes.
