Product Description

Customized Inflatable Sports Games / Blow Up Riding Bull Rodeo Machine

Product Descriptions:

A mechanical bull ride simulates the experience of actually riding a bucking animal, such as a horse or a bull. An electric motor powers this game and the speed can be adjusted to make the bull easier or more difficult to hold on to. The floor around the equipment needs to be padded to help prevent injury. The proper mechanical bucking machine ride has a "Quick Stop" function so the mechanical bull can be stopped for any reason.
