#### Product Introduction:

Inflatable banana boat

*Inflatable banana* boat also known as a water sled and often referred to simply **as a banana**,is an inflatable recreational boat meant for towing. It was popular with lots of people from all around the world.Different models usually accommodate 3 to 8 riders sitting on a tube and resting their feet on two laterally flanking tubes which stabilize the boat. The main tube is often yellow and banana-shaped.Some models have two main tubes.During the ride,the driver of the powered boat attempts to flip the banana boat upside-down by doing sharp turns. Riders should always wear life jackets for safety reasons.As one kinds of water toys,banana boat was great for water games and aslo bring fun to passenger.

#### 7 Passenger Banana water sleds

are carefully hand crafted using reinforced resistant PVC material. Each sled is hand made using glue bonded overlapping seams and are double reinforced in the high stress - hard use areas. Thousands of these durable banana boats have been sold to camps, commercial beach operations and resorts worldwide.

#### Category Description:

##### Single Tube Water Banana

Our most economical, the single tube Water Banana has been used in resorts around the world. It is a great idea for your next family out on the lake. Lots of fun for "big kids" as well as children.

##### Double Tube Water Banana

The double tube Water Banana is designed with the commercial resort operator in mind. This design of Water Banana pulls easier with less water resistance because of the gradual bow and stern rise. Large reinforced shackle-rings are located on both tubes.
