#### Applications:

Eco Friendly Inflatable Jumping Castle / Bounce around with slide For Amusement Park.

Jump and slide, play with obstocles and on the slide, kids will like it.

blower tubes for inflating, and release the air if turn off the blowers,.

1 opening with zipper and covers , these is fast deflating sets.

#### Our advantage

- 1) We make sure the quality, every product should be tested before delivery.
- 2) We install high quality deflating zipper , so the jumping castle can deflate faster.
- 3) We use thick and big stainless steel D rings to stable the inflatables
- 4) Material: We use best 0.55mm or 0.45 mm PVC tarpaulin for Jumping castle.  
the best material is very important for the games. All inflatable games of Topfun are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. The flame retardant meet BS7837. Our material has improved by the SGS.
- 5) Double stiches: we all make double stitches at all the joins. so that can reduce the air leakage and Extend the life time.
- 6) Printing: Digital print, silk print, or hand painting. The high level painting makes Topfun product will not be sticky and color fade, but sustain a long time. And it print quickly and in good quality. Further more, we make a liquid protecting film on the surface of digital printing,.
- 7) Blower/Pump: CE air pump: 220V; UL air pump: 110V
- 8) Strong package bags: We spread air out to help deflation before roll the game, then put a band belt outside to tie it. We will use tarpaulin bag which is same material as the games to package the units. So the packages will not be frazzled during delivery process. For big units, we will make extra handle band outside of the packages. In order to let you find your goods quickly, we will paste a mark paper with your order number.
- 9) Accessories: Repair kit(material and glue),air blower,carry bag
