- Highlight: **inflatable water park for kids, inflatable backyard water park**

Product Description

30M diameter Water Park With 3 Awesome Inflatable Water Slides And Other Water Games

Descriptions:

This giant water park mainly consists of 4 big parts: a swimming pool and 3 different style water slides.

Pool: The regular size we make is 25m diameter or 30m diameter. It is made of 0.6mm PVC tarpaulin, strong and durable. Meantime, the round pool is the best style to avoid the damage compared to other shapes and all the sides are by hot air double covered to make sure it can be used for many years.

Slides: All these slides are double stitched and made of 0.55mm PVC tarpaulin. The original sizes of each one from left to right: 10*4m, 7*6m, 7*5m or customized. You can choose these styles, also you can send us your design to build a water park.

Water games inside: There are many funny water games you can put inside to attract kids or adults, such as: icebergs, seesaws, UFO, water balls, bumper boats and so on. Most water items are made of 0.9mm PVC tarpaulin and all can be customized. If any needed, feel free to contact us, we can make any inflatable you want.

Specifications:

Material	slides by 0.55mm PLATO PVC tarpaulin and pool by 0.6mm PVC tarpaulin

How to order	1. You tell us your demand, we give you a simple design 2. You pay 50% of total price for a deposit. 3. We give you detail design, and begin to produce after we confirm everything, including material, shape, logo. 4. I will send you a photo before we pack it, and we can make some change as you want. 5. After confirmed, you pay the balance, then we deliver the products.

Advantages:

1). High Quality Material:

Commercial grade 0.55mm (1000D, 18 OZ) PVC tarpaulin has 3 layers, two PVC coated sides with a strong net fabric inside, which is fire retardant, water-proof, Anti-UV, and anti-ruptured.

2). Best Sewing Machines:

Using the best sewing machines ordered to handle nylon thread we double stitch the entire unit with the best 18 ounce heavy duty Vinyl.

3). Double Stitching everywhere:

We double stitching everywhere, with fourfold stitching at bottom stress point. Double stitching inside and double stitching outside to make sure the inflatables are strong enough.

4). Reinforced Stripes at Joint

Our technicians will make reinforced stripes at the bottom joint and each corner. So when the kids bounce on the games, you do not need to worry about the safety at all. As the bottom can bear the kids no matter how they play on the games.

5). Durable Zippers:

We make strong zipper at bottom of each inflatable. Zippers can help you deflate the inflatable more quickly. Above the zipper, there is a zipper cover, which is help to disperse the zipper's stress.

6). Safety Blower Pipe:

For the pipe connected with blower, we specially design one flap on the inside end of the pipe, it will flap up when blower on, and will flap down when power failure suddenly and the blower off. It can prevent the air outflow, and protect the children.

7). D-clasp Rings for Fixation:

Each product will have thick D-clasp rings or circle rings to fix the inflatable onto the ground to remain steady.

8). Tight and Safety Package Bags:

We pack inflatable games in tarpaulin bag and the air blowers packed in durable export carton so that the packages will not be frazzled during delivery process. In order to let you find your goods quickly, we will paste a mark paper with your order number.

9). Accessories: Repair kits, glue water, zipper lubricant (free)

10). Matching CE or UL approved air blowers(plugs can be customized)

11). Vivid artwork:

We mainly have digital printing, silk printing and hand painting. We imported the digital printing machine from Japan, which prints quickly and in good quality. The quality of print ink also meets SGS standard. Moreover, we make a liquid protecting film on the surface of digital printing, which makes our products not to be sticky and no color fade, but to sustain a long time.

12). Customers' requests including size, color, logo and design can all be satisfied.

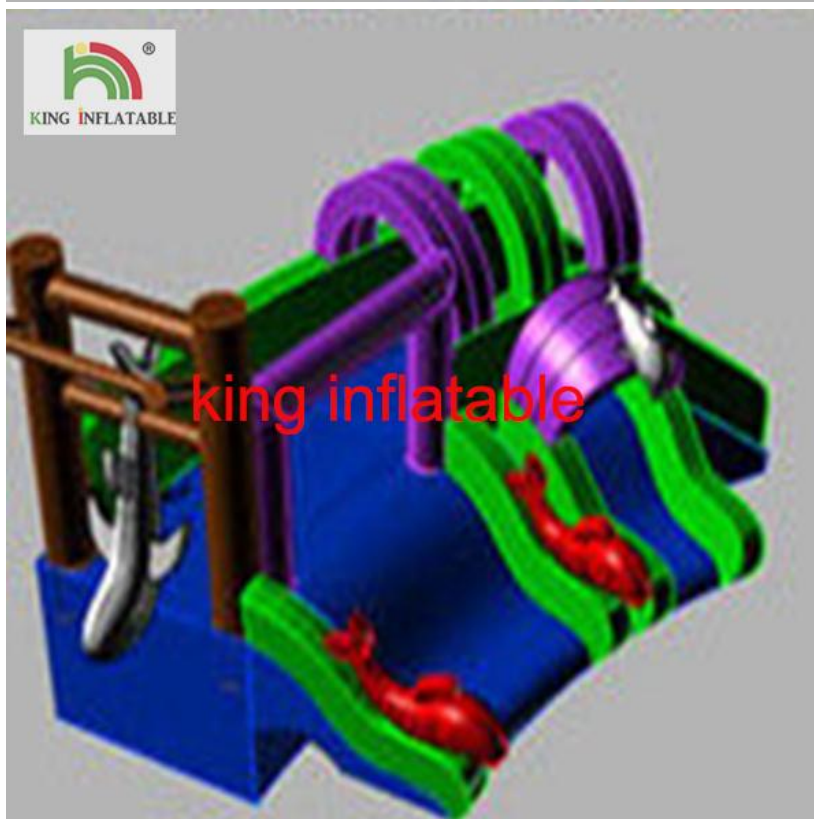

13). Easy deflation:

We make enough air-out zippers for each inflatable product according to the requirement of EN 14960, which can help you deflate this inflatable product more quickly. We reinforce for all the zipper joints, and there is a zipper cover by Velcro material, which helps to disperse the zipper's stress.

14). 1 years warranty against workmanship and material failure.

15). Quick delivery and fast transportation
