- 4, safe, no injury or harm to people, Lead free.
- 5, easy to assemble, to move, and to pack.
- 6, easy to repair once broken and work again.

Our advantage of inflatable water games:

- 1) We make reinforcements everywhere for the water toy, the connection between items of the park are durable eyelets, the structure can make the giant water park very stable.
- 2) We install high quality air relief valve from Europe on all the items of this water toy, so the items can release air to a safety level automatically when the air pressure is exceeded.
- 3) We use thick and big stainless steel anchor ring with durable anchor pads at the bottom of the inflatables.
- 4) Material: We use best 0.9mm or 0.65mm PVC tarpaulin for water games.
the best material is very important for the games. All inflatable games of Topfun are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. The flame retardant meet BS7837. Our material has been approved by the SGS.
- 5) Heat sealing machine: For the sealed water game, it is very important for the welding well. We have advanced welding machine and the best workers in inflatable industry to reach that.
- 6) Printing: Digital print, silk print, or hand painting. The high level painting makes our products will not be sticky and color fade, but sustain for a long time. And they will be printed quickly and in good quality. Further more, we make a liquid protecting film on the surface of digital printing..
- 7) Blower/Pump: CE air pump: 220V; UL air pump: 110V

8) Strong package bags: We spread air out to help deflation before roll the game, then put a band belt outside to tie it. We will use tarpaulin bag which is same material as the games to package the units. So the packages will not be frazzled during delivery process. For big units, we will make extra handle band outside of the packages. In order to let you find your goods quickly, we will paste a mark paper with our company's logo.

9) Accessories: Repair kit(material and glue),air pump,carry bag
