Advantages:

- **Superior Strength** – All inflatable games of Topfun are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. The flame retardant meet BS7837. This material has improved by the SGS. Additional belting reinforcement is used at key stress points, and extra heavy-duty, multilayer stitching is used throughout, further strengthening this tough bouncer.
- **Oversized Jumping Mattress** – more than 15ft jumping area with obstacles.Kids can bounce and run around all over in it.
- **Mesh Windows** – Large windows made from commercial-grade rip stop netting won't tear like cheaper mesh, they keep children to keep safe and allow children to be easily and clearly supervised.
- **Easy Takedown** – Zippered flaps allow the bouncer to easily be deflated and taken down for storage after the day of playing has ended.
- **Curved long slide**– The most special design is the curved slide more than 5 meters long. which start from the ladder and end at the entrance of the bouncer. the curve design made the slide longer and mild slope to keep kids safe. en at the entrance of the bouncer will alow kids to play around and again. and the end of the slide can be a small ball pit.
- **Accessories** – Includes instructions, a repair kit with patches, a 4 ounce bottle of glue, and four 12" heavy duty metal ground stakes to secure this bouncer to the ground.
- **Commercial Quality** – Inflatable is constructed entirely from high quality, industrial strength materials.
- **Lead Free** – All materials comply with the Lead Free Toys Act.

FAQ:

1. Do you ship by Sea, Ground or Air?

We do it all. It just depends on your delivery time, budget and which shipping option you would like to choose for yourself.

2. How about the package?

Yes, each step of production and finished products will be came out inspection by QC department before shipping.

3. How long will it take to make any of these inflatables if they are not in stock?

The regular bounce houses usually take 5-10 working days, and much larger items like water slides and inflatable obstacle courses can take anywhere from 10-15 working days. Custom made orders take about 10-30 working days, depending on the style, size and structure.

4. What' s included in products?

Blowers for ground inflatables or air pump for inflatable water games (with certificate of CE/UL), storage bag, repair kits (included PVC materials, glue).

5. Can you change the size and color based on the original?

Yes, tonle inflatable products can be customized according to your requirements. OEM/ODM are warmly welcomed.

6. Can you print my pictures or logo on the inflatable products?

Yes, we can print your pictures or logo for free.

7. How about the materials used in products?

We use the famous brand 0.45,0.55mm PVC tarpaulin for ground inflatables, while 0.6mm,0.9mm PVC tarpaulin for water games.
