More reasons to order with King Inflatable.

SAFETY TESTS - All of King Inflatable are PIPA Tested or RPII Tested to comply with the current standard BS EN14960

DELIVERY TIMES - deliveries start from 7-10 days

**Our Quantity for the bouncers :**

1. Warning rule:all warning information can be seen clearly .

2. Zipper : each inflatable product is designed with strong zipper at the bottom of each inflatable . there is a zipper flap , which is help to disperse the stress . And it will slow down air leak so that children have enough time to get out of inflatable product if the blower suddenly stops working .

3 . Anchor : Each product will designed with 100% stainless stell D Ring anchors on the top and bottom to make the imflatable product steady enough if it meets any conditions .

4. Reinforce : in order to make our inflatable product more firmly , we will do reinforce at the bottom jointing and each corner

5 . Stitch : we use 9 strand international thread to double stitching outside part and quadruple stitching the stress jointing part inside that ensure the quality , reliability and durability of our product .

6 . Inflate : Our product easy set up and take down . It can inflate in less than three minutes .
