Product Description

Frozen Bouncy Castle Combo Commercial Bounce House Inflatable Jumping Bouncer With Slide For Kids

The frozen tower jumping castle and slide will be the highlight of your party, measures 6m long, 5m wide and 5m tall. It is a covered castle, protecting your children from both sun and rain. The slide will provide entertainment for hours with endless circles as your children chase each other around and around. It is so popular for kids party events.

This castle is fully netted making it very safe for kids to jump.

Our Brand New Frozen / slide combo is very popular for girls children's parties, and is for children's use only! This bouncy castle and slide combo is available for Alibaba from King inflatable. Enjoy a fully-themed Frozen inflatable with the local experts.

Why not buy this castle with our Frozen Character Team for the ultimate Frozen party. You could also go extreme and hire with our Brand New and Exclusive Frozen Super Slide for a Frozen Spectacular, all from the Pembrokeshire bouncy castle hire experts.

Most bouncy castles can be powered by a standard electricity source. If your set-up area is further than 50m from the closest power source, you'll need to buy a generator.

Bouncy Castles can withstand light breezes and be set-up in showers.

When you're ready, click "book online" to check this castle's availability. You can book online for free. Our system will collect information needed for your booking and one of our staff members will follow up with a phone call to confirm any other details required. It is the right and privilege of every child to have fun and to play as well. Playing is important for their overall development, and it also helps to cultivate their social skills. However, not many parents are able to make good choices when it comes to providing kids with play time resources. A good play time toy or tool provides an immersive experience that will make a good impression on your little one. This is why we have identified some of the best outdoor inflatable bounce house for kids for you to consider. With one of these bounce houses, you can easily ensure that your little one is occupied during their leisure time. These best bounce house .

PLEASE NOTE. When deciding where to put a bouncy castle you need to allow extra room (approx 4ft) behind the bouncy castle for the fan, plus room in front for the children to get on on off safely (approx 3ft). We also require a couple of extra feet either side of the castle so we can stake/secure it down securely. This castle requires 20 foot on width and 17 foot on length to allow enough room for the children to use the slide safely , any questions please call me.
