Bounce Houses:

Are you planning an event in your backyard and looking for something to keep the kids from "bouncing around"? The good news is that we don't have just one bounce house option; in fact, we have tons of options. We have so many options that it's hard to list them all here. That said, some of our most popular ones that keep kids busy for hours are modular art board bounce houses, which can carry a plethora of themed banners that are perfect for any party theme. Among the regular multi-colored and pink castles, we also have disco domes, monster trucks, police cars and fire trucks. We have options for any gender or age group, from small sports enthusiasts to little princesses. So they are for whoever or whatever you call them, just like some of the others around, such as moonwalks, bouncers, jumpers, jumping castles, spacewalks, bouncy castles, fun jumps, high jumps, or anything else you can think of, because they all just mean fun for the kids.

Our inflatable bounce houses also come in many different sizes. They are so cool that most of them have a basketball goal inside or even more, but they are more commonly referred to as combo style. Combo bounce houses may feature cool and exciting things like slides, obstacle bounces, climbing walls, large bounce areas, basketball goals, and more. The fun never ends with these inflatables and are perfect for kids ages 3 and up. Larger bounce houses can accommodate 8-12 kids, depending on their size.

So whether you are planning a party for a few kids or even a few hundred, we have a bounce house for you. In addition, we make sure that we deliver all of our rental Long Island inflatable bounce houses on time, we will also make sure that the bounce houses delivered are of the highest quality, clean, and our team will also answer any questions that you may have immediately.
