Features and specifications:

Inflated size: customized

Powered by a strong UL certified blower (included).

Heavy-duty commercial grade material on bouncing floor.

Heavy-duty puncture proof material with double to quadruple stitches.

Large pillars all around for a strong bounce structure.

Strong stakes that are 9" long and spiked, to secure the bounce house to the ground.

Long fill tube (approx. 6 ft) allows blower to be placed away from the bouncer.

Easy set up and take down. Inflates in less than a minute.

Indoor and Outdoor Use.

Package includes:

Materials: 14- to 16-ounce heavy-duty, laminated and coated vinyl and nylon. Our materials are puncture-proof, fire-resistant and comply with ASTM (American Society for Testing and Materials) toy safety standards. All of our products meet or exceed ASTM F963 standards "Standard Consumer Specification on Toy Safety". They have passed all necessary tests including Lead and Phthalates concentration limits.

Workmanship: Double- to quadruple-stitched vinyl throughout the entire unit supports rugged activity. Reinforced seams ensure puncture-proof jumping.

Safety precautions: Large viewing windows are made from strong, secure mesh. UL certified blower.(Recommended for all electronic toys by the American Consumer Safety Committee).

Warranty:

We want to make sure you're completely satisfied with our products. All of our bounce houses come with a 14-month limited warranty*. Blowers come with a one-year limited warranty. *Please note that our warranty is only valid for normal use not for rental or other commercial use.
