Airtight inflatable water games are made by high quality materials and advanced welding machine to ensure high quality, just one time inflation will keep air well to last long even under extremely low or high temperature. These inflatables are usually used as toy games for water parks, open seas, lakes, pools, etc.

FAQ

Q: Can you custom make a design?

A: Yes. You can choose a similar design from our price list to change or send your own design with detail requirements.

Q: What Material?

A: durable 0.65mm or 0.9mm PVC tarpaulin.

Q: How to inflate?

A: Can inflate with air by an electric air pump. It usually takes minutes to inflate depending on design.

Q: Can print our logo on products?

A: Yes. This may be extra charged depending on quantity, printing colour and size (usually from free charge to US\$100). You may send us high resolution artwork in JPG, PDF, AI or PSD.

Q: What happens if it's punctured?

A: The damage can simply be repaired by our repair kit (material patches and glue) or by welding machine if necessary.

Order Steps:

- 1). Please specify which item and order quantity with any custom requirements if you have.
- 2). We will quote best price with details accordingly.
- 3). If you confirm order, we will make Proforma Invoice with order and payment details.
