## Product Description

### Obstacle Course Inflatable 20m Long PVC Blue Red Large Inflatables For Kids Adults

#### Inflatable Obstacle Course

This is one of our original design giant obstacle course with camouflage theme. It covers an area of about 20m long, specially design for adults outdoor sport games. The shape, size, color of this item can be customized, and 3D design can be provided for you to check the details.

The inflatable game product is used on land. The use can be for adults or children due to recreational parks, school sporting events, corporate team events, rentals, etc. Products should be placed on a flat surface and fixed in use to avoid potential safety hazards. Inflatable sports game products use a variety of materials, including 0.4-0.65 mm PVC tarpaulin. The color and size of the products can be customized. Each part of the product can also be modified or customized according to the customer's needs.

#### Attention

1. Do not place the product near potential fire hazard areas or sharp objects, otherwise the product will be damaged. Please put the air pump/blower in a dry place (no sand).
2. To avoid injury, please make sure to observe and control the maximum occupied space.
3. In order to check whether the product is damaged or in danger of damage, it must be inspected regularly.
4. Please do not use the product in heavy rain, strong wind or other extreme weather.

5. Our factory cover an area of over 2000 square meters with about 100 skilled workers, choose us your orders will be fully carried out;

#### How to Use Inflatable Products

1. Place and unfold the product on a flat surface firstly, preferably on a pad (such as carpet, cloth).
2. Then, find the air inlet of the equipment, connect it with the air outlet of the blower, and fasten it with a rope.
3. Lastly, turn on the blower and the product will blown up in a few minutes.

If you want to put away the product,

1. cut off the power, open the interface and let the air out. Then, squeeze out the remaining gas. If the product gets wet, please remember to dry it up.
2. Do some cleaning. You can use the detergent to wash it, wipe with water, and then dry it in the sun.
3. Fold the product, and cover it with a tarp.

#### Maintenance of Products

1. If the goods are in use, please inspect the goods everyday to make sure everything is under control, including but not limited to products' sealing/sewing parts, hooks/D-rings, handles, steps, valves, ropes, safety measures, air blowers and so on.
2. If you don't use the goods for more than 3 days, please make it clean enough and get it dry, pack and stock it in a dry and ventilated place.
3. When moving the product, do not drag it across rough surfaces.
4. No any sharp things when playing with/on the inflatables and you'd better take off the shoes.

#### Packing and Shipping

- 1) Using strong PVC bag or durable carton for inflatable tent and air blower, which could help protect the cargo.
- 2) It can be sent by air, sea or express. We will recommend the most suitable mode of transportation for you.
- 3) Delivery time, due to all of the products must be tested before shipment, there will be 1-5 days difference depends on the testing, we will make sure all of the products are ok before shipment.

#### Certifications
