Instructions:

Obviously, this bouncy castle is designed for those kids who love cute animals very much, especially the naughty monkey. It can hold 8-10 kids to play together, durable and exciting. You can use it for commercial rental or put it in a day care centre.

It is not expensive, our customers usually buy several pieces together, then ship them by sea. If you want to buy, please send me the picture or model number as well as the size you want, the delivery time and cost will be given to you ASAP.

It is made of 0.55mm PVC tarpaulin and can be used more than 8 years. Many D rings around the bottom and top as anchors with rope to tie a strong place, in case of strong wind.

Advantage:

Our advantages

1. Products Features

High Durability, High Tear Strength, High tensile strength, Flame Retardant, Water proof, Fade proof, Anti-Mildew Treatment, Anti-Static, Excellent UV-Resistant, Cold Weather Resistant, Shrink-Resistant.

2. Workmanship

Hot air welder machine for the entire unit and D-rings as well as ropes for anchorage. Neat stitching, professional stitching machine, durable 12 strand nylon thread which is highly abrasion resistant and rot proof.

3. Sewing style

Double stitching & quadruple stitching; PVC reinforcement strips inside are stitched on all straight seams

4. Using long time

Overlapping both inside and outside with yellow straps. Then every piece can hold each other very strongly, so the inflatables could be used over 10 years.

5. More steady

Upper anchor points on back and side of slide part, much enough for tying down the slide and make it more steady.

6. Safty air stop flap

Safe inside air stop flap. Everybody makes an air flap over the air release zip for protection, other than this, we make an additional air flap inside the air release zip, so when there is a sudden cut off of the electricity, it can make the air release slowly, so children will have more time to leave the inflatable.

7. Logo printing

Quality digital printing, Silk printing, hand painting, etc, with protection oil which makes the printing also lead free and UV resistance.

8. Widely application

Parties, amusement park, rental business, school training, festivals, backyard etc.
