Product Description

Outdoor Inflatable Bubble tent Transparent Crystal Dome Inflatable Bubble Tent With Balloons for wedding

About Inflatable Bubble tent

Life in a bubble camping experience takes on a whole new meaning.
We're no strangers to camping. From overhanging tents to rooftop air currents, we've seen it all. Or at least we thought we had seen it, until someone introduced us to the foam tent.

As the name implies, this new tent looks unlike any camping accommodation you've ever seen before. But they can't be purchased, and if you want to try "living in a bubble," you'll need to go below.
Bubble tents can be used for personal use and commercial use, mostly in scenic areas such as the beach, the Grand Canyon, and the forest. This bubble tent is the best choice for stargazing camping, either in the shade or further up the mountain, with spectacular views that take you away from the hustle and bustle and close to nature.
To live in a bubble tent is to be out of touch with the world, but unlike real camping, you don't have to suffer in a sleeping bag. The Bubble Tent includes hotel amenities such as a bed, an eco-friendly bathroom with a composting toilet, running water, shower and toiletries.
With foam tents conveniently located close to national parks, eco and heritage tours, there is no shortage of fun activities to do. From helicopter flights and hiking to skydiving, boating and fishing, try them all.

Installation:

Find a suitable smooth area free of rocks and debris.
Pull the tent from the storage bag and place the white flooring on the ground.
Secure your bubble tent to the ground with optional exterior D-Rings in case winds pick up!
Attach and activate the air blower.
Once the bubble room is inflated (10 minutes), you use the blower to keep a constant light pressure that maintains the bubble shape.
Relax and enjoy the experience of sleeping under the milky way.
