#### Details:

1,The material is 1.0mm pvc/ptu from Plato chemical the best and biggest material supplier in China.The zipper we use is TI-ZIP from Germany.Meantime,it is heat sealed by hot air welding machine,our machine is imported from Japan which has stable temperature to ensure the ball won't be oversealed or miss sealed,very durable.Besides,all the products will be done under strict quality control,coz our production manager has been in this field since 1995 and have many experienced workers.So you can get the best quality balls,not those inferior balls with cheap material,cheap zipper and no reinforces.

2,Widely used for playing center, amusement park, water games, holiday events, swimming pool and seashore scenic spot.

3,We mainly have 5 styles for you to choose:transparent,transparent with colourful strips,single color,mixed-color,soccer Ball .

4,For amusement park on land,people usually put Water Balls in a giant swimming pool for fun.

#### Our advantages:

- 1, strong and nice welds.
- 2, no electricity required,safe and funny.
- 3, full colors are available.
- 4, can print logos, banners or artworks.
- 5, durable, 2-3years usage life span.
- 6, easy assemble, move, put it away, in different occasions.
- 7, once broken, it's easy to repair, get it fixed and to work again.
- 8, lubricant for T-zip, glue and spare material.
- 9, trusted quantity and a competitive price.
- 10, fast delivery and the best customer service.

#### FAQ:

Q1.What kind of warranty do you give?

A: 2 years warranty.

Q2.What about size and color?

A: The size and color can be changed according to your requirements usually. But if your size for the models is not suitable, we will inform you this and we can discuss with another suitable size.

Q3.Can you put my logo and safety rules on the products? Can I change printing pictures for my games?

A: Yes, we can put your logo and safety rules on your inflatable products. If you want to change printing pictures for your games, you can tell us what kind of printing you like or you can send us clear pictures.

Q4.Why TPU more expensive than PVC?

A: TPU is better than PVC mainly by following features:

- 1). excellent abrasion resistance
- 2). outstanding low-temperature performance
- 3). excellent mechanical properties, combined with a rubber-like elasticity
- 4). very good tear strength
- 5). high elasticity& transparency
- 6). good oil and grease resistance
- 7). more mycete-proof

Q5.What happens if the ball punctures?

A: The damage can easily be repaired with repair kit (material patches and glue).

Q6.How do I pay ?

A: Please transfer (T/T) the payment from your bank to our bank ,or Western Union.
