#### Descriptions:

1,The material is 1.0mm pvc from Plato chemical the best and biggest material supplier in China.The zipper we use is YKK brand. Meantime,it is a heat welded product by hot air welding machine,our machine is imported from Japan which has stable temperature to ensure the ball is very durable without oversealed or miss sealed. Besides,all the products will be done under strict quality control,coz our production manager has been in this field since 1995 and have many experienced workers.So you can get the best quality balls, don't like those inferior balls with cheap material,cheap zipper and no reinforce strips.

2,Widely used for playing center, amusement park, water games, holiday events, swimming pool and seashore scenic spot.

3,We mainly have 5 styles for you to choose: transparent,transparent with colourful strips,single color,mixed-color,soccer Ball .

4,For amusement park on land,people usually put Water Balls in a giant swimming pool for fun.

#### Our advantages:

- 1, strong and nice welds.
- 2, no electricity required,safe and funny.
- 3, full colors are available.
- 4, can print logos, banners or artworks.
- 5, durable, 2-3years usage life span.
- 6, easy assemble, move, put it away, in different occasions.
- 7, once broken, it's easy to repair, get it fixed and working again.
- 8, lubricant for T-zip, glue and spare material.
- 9, trusted quantity and a competitive price.
- 10, fast delivery and the best customer service.

#### FAQ:

Q: Why TPU more expensive than PVC?

A: TPU is better than PVC mainly by following features:

- 1). excellent abrasion resistance
- 2). outstanding low-temperature performance
- 3). excellent mechanical properties, combined with a rubber-like elasticity
- 4). very good tear strength
- 5). high elasticity& transparency
- 6). good oil and grease resistance
- 7). more mycete-proof

Q: What happens if the ball punctures?

A: The damage can easily be repaired with repair kit (material patches and glue).

Q: Will players get injured inside a Water ball?

A: No. This is one of the safest fitness activities in the world, because you are safely protected by an air ball.

Q: How to inflate Water ball?

A: The balls are inflated with air by an electric air pump. It takes minutes to inflate a ball.
