Describe:

1,The material is 1.0mm pvc from the best and biggest material supplier in China-Plato chemical.The zipper we use is TI-ZIP from Germany.Meantime,it is a seal job by hot air welding machine,our machine is imported from Japan which has stable temperature to ensure the ball won't be oversealed or less sealed,very durable.Besides,all the products will be done under strict quality control,coz our production manager has been in this field since 1995 and have many experienced workers.So you can get the best quality balls,not those inferior balls with cheap material,cheap zipper and no reinforces.

2,Widely used for playing center, amusement park, water games, holiday events, swimming pool and seashore scenic spot.

3,We mainly have 5 styles for you to choose:transparent,transparent with colourful strips,single color,mixed-color,soccer Ball ..

4,For amusement park on land,people usually put Water Balls in a giant swimming pool for fun.
