#### Descriptions:

The water ball material is 1.0 mm PVC/PTU, water proof . various color in transparent for optional such as green, blue, yellow, purple and red etc.and the size is 2m diameter. the zipper import from YYK company. meanwhile it need 8 pcs material to make,and each material are connected by hot air weld ,the weld machines are imported from Japan .it can ensure the stable temperature,so that can not weld bad the ball.

This model ball is not suitable for using TPU material,because TPU material only transparent without color . The size is can be customized according to your requirements such as 1.8m,2.5m etc. Becase the ball is airtight ,don't play inside too long time.

If you buy more than 5 pcs,we will free offer a pump for you.Of course ,if you want 1 pc,it can be accepted by our company,but the unit price will be more expensive than buy 5pcs.If you have any question ,please feel free to contact with us.

#### Package and Plugs:

1. For the finished prodcuts, we packed with strong PVC tarpaulin(same to the products).

The PVC tarpaulin bag is durable enough to bear the impact during shipment. In order for you to find the products quickly, we have printed our company's logo on outside of package bags.

2.Blower or air pump are packed By PVC bag or carton which is suitable for shipment, also have been marked outside of the package, so that you can find them quickly and correctly.

3. Different countries have different voltage and different plugs, it will much appreciated if you can tell us what type plug you want, and then we will supply the correct plug to you.

#### FAQ:

Q1.What kind of warranty do you give?

A: 2 years warranty.

Q2.What about size and color?

A: The size and color can be changed according to your requirements usually. But if your size for the models is not suitable, we will inform you this and we can discuss with another suitable size.

Q3.Can you put my logo and safety rules on the products? Can I change printing pictures for my games?

A: Yes, we can put your logo and safety rules on your inflatable products. If you want to change printing pictures for your games, you can tell us what kind of printing you like or you can send us clear pictures.

Q4.Why TPU more expensive than PVC?

A: TPU is better than PVC mainly by following features:

- 1). excellent abrasion resistance
- 2). outstanding low-temperature performance
- 3). excellent mechanical properties, combined with a rubber-like elasticity
- 4). very good tear strength
- 5). high elasticity& transparency
- 6). good oil and grease resistance
- 7). more mycete-proof

Q5.What happens if the ball punctures?

A: The damage can easily be repaired with repair kit (material patches and glue).

Q6.How do I pay ?

A: Please transfer (T/T) the payment from your bank to our bank ,or Western Union.
