Describe

Material: 650gsm/0.55mm thickness heavy-duty, laminated and coated pvc fabric.

Our materials are puncture-proof, fire-resistant and comply with SGS& ASTM (American Society for Testing and Materials) toy safety standards. All Our Products comply with EN71, EN14960, ASTM.

Workmanship: All seams are double stitched (triple to quadruple stitched in sensitive parts) and reinforcement strips stitched on all mattress seam. Extra webbing reinforced strip on all the stress point and interior panels.

Package: We spread air out to help deflation before roll the game, then put a band belt outside to tie it. We will use tarpaulin bag which is same material as the games to package the units. So the packages will not be frazzled during delivery process. For big units, we will make extra handle band outside of the packages.

why choose us

- 1, We can provide the most competitive price to you and control the quality easily because we have our own factory.
- 2, We have a group of professional technicians and exported hi-tech equipments.
- 3, The design can be customized and your all kinds of logo is available.
- 4, Each of our products has 3 layers (2 pvc coated side with a strong net inside). With fourfold stitching at bottom stress point. Double stitching inside and double stitching outside to make sure the inflatable slides are strong enough.
