Descriptions:

1. PVC Tarpaulin material has 3 layers ,with double coated side with a strong net inside , It can be waterproof and fire-retardant , with CE,EN14960,SGS,EN71,ROHS certificates , good quality and durable .You know , best material is very important for all the inflatable products , don't worry , all the materials we use are real and best material . For water pool , as it is airtight type , we will use 0.9mm PVC Tarpaulin to produce it ; For water slide , as it is constant blowing type , we will use 0.55mm PVC Tarpaulin to make it .
2. You know ,for inflatable products , there are 2 types ,one is airtight type , you only need to inflate it once , water pool is generally airtight type ; Another is constant blowing type , you need to inflate it constantly by blower connecting electricity , It is very fast to be put up and taken down , the water slide is usually constant blowing type .
3. For inflating the water pool , you need to find a valve on the pool and connecting a air pump to the valve , then turn on air pump , you can see the pool is being inflated , that takes about 10 minutes . For inflating the water slide , you can connect the blower and the blower tube , then open the electricity power , It can be inflated about 2-3 minutes .
4. In order to fix the pool and slide to the ground , we will install enough D shaped rings on the pool and slide , you can use some strong ropes to fix it , to make it enough steady , besides , they are very heavy , it is impossible to blow it away .
5. For this set of water park , including pool and slide , If you need it urgently , shipping by air is the best choice ; if you don't need it urgently , shipping by sea is the best choice . If you choose to ship by sea , you can try to buy more inflatables .
6. If you have any needs about this set of water games (pool and slide), pls tell us the size , color , logo . Of course , If you have own idea about it , pls let us know , our designers will make a 3D design picture for your confirmation , it will be produced according to your demands . Then we will tell you their detailed information , don't worry , we will offer a very competitive price based on good quality . Besides , you are always welcome to visit our company website and our factory . We hope we can build a long term cooperation relationship with you .

Application :

For this big inflatable water pool and slide , adults and kids can play . You can buy it for a business . If you add some water equipments in the pool , such as water ball , water roller , saturn , iceberg and so on , it will be more fun .

Advantage:

1. High durability and best material
2. Double and strong stitching
3. Very strong ,safe and steady
4. long life , use 3 years at least
5. Good printing and perfect artwork
6. OEM accepted
7. Easy to get it repaired , only need spare material and glue

- 8. Cheap price and good quality
- 9. Best after-sale service
- 10. very fast to inflate and deflate
- 11. on-time delivery and safe shippment
- 12. Any styles , sizes , colors ,logo can be customized
