This model is mixed color water ball. Mixing different colors in transparent. It need 8 pieces material.If you do not like this mixed color, it also can be customized according to your requirements such as red ,yellow etc.. Workmanship is hot air welding machine heat welded, the stable temperature control and careful process fully ensure the connect parts more fastness.The size is 2m diameter for 1 people, of course ,it also can be customized according to your requirements too such as 1.8m diameter, 2.5m diameter etc.

If you are interested of it ,please feel free to contact with us, and tell us how many quantity do you want? because the quantity affect the price. you buy more ,the price wil more favorable .meanwhile we also can free offer pump for you.If you need some zippers for spare,we also can sale them to you.

#### Our advantages:

1. High precision hot air welding workmanship  
Welded strongly with high temperature machine and some exprienced workers . Besides , reinforced a extra strip on all seams , stronger and more durable .
2. Reliable and durable Material  
Top quality material are always applied on our inflatables, and all of them are from one of the best material suppliers in China - Plato chemical; All of the materials approved by UL,CE, EN14960,EN71,SGS , So it suitable for European and American market.
- 3.We test each water rolloer for 3 days before shipment to ensure the ball seamed exactly well.
- 4.We shall guide you to repair the water roller during all the life span of them. If you have any questions or problem, please feel free to contact with us, We can give you promot reply.
- 5.Our Gurantee is 1 Year. If the water roller was broken due to quality problem in one year, we will make compensation for it accordingly.

#### Workmanship:

- 1) Reinforcement. We make reinforcements at every weak points like welding seams, inside baffles, corners, connects etc.
- 2) Durable anchor ring. For anchor ring, we use 316 stainless steel material which last longer than other metal in water.
- 3) Durable parts. All our parts like handles, anchor rings are welded instead of glue, it's not easy to peel off.
- 4) Stable Connection System. Bouncia created originally eyelet connection system and anchor ring connection system which make the whole park very stable.

#### Why choose us:

- 1 More than 10 years professional manufacture experience
- 2 The best service and reply in time
- 3 High quality and competitiveness price
- 4 The fastest delivery time
- 5 We have an excellent team .only you can image it ,we also can make it for you according to your design
