Describe

This is outdoor amusement park with big slide and obstacles. Here below are the details information about the model.

1 Material : the best Plato 0.55 mm PVC tarpaulin ,water proof and fire retardant have CE,EN71,EN14960 etc certificate. Plato is the best material factory in China,

2 Size :10m(L)*6m(W)*5m(H). If the size is not suitable for you . it can be customized according to your requires

3 Workmanship :double and quadruple stitching ,every important part will be reinforced ,such as connect part ,D-ring etc. So the quality is very good, it is no problem that working life is more than 3 years for normal used

4 Structure :sewn ,means by stitching ,need blowers working all the time to provide a constant air .We also have airtight structure.means by hot air welded ,once inflated can last for a period of time .but it will more expensive than sewn

5 Inflate time :Only turn on the blower,it will automatic set up .and the inflate time about 3-5 min,it will fast

6 Package :Turn off the blower,when not air inside,you can roller and put in a bag

7 Shipment::If you not transportation agent in China.by sea is the best way .because the weight and package is very big. it will more expensive if by air or by DHL .If you urgent,by air or by DHL is ok.

why choose us

1,We can provide the most competitive price to you and control the quality easily because we have our own factory.

2,We have a group of professional technicians and exported hi-tech equipments.

3,The design can be customized and your all kinds of logo is available .

4,Each of our products has 3 layers (2 pvc coated side with a strong net inside).With fourfold stitching at bottom stress point. Double stitching inside and double stitching outside to make sure the inflatable slides are strong enough.
