Descriptions:

1. As for this movie screen , It is made of 0.6mm PVC Tarpaulin , You know , all our materials are purchased from best supplier , Plato factory , good quality and durable . PVC Tarpaulin contains 3 layers itself ,with double coated side with a strong net inside , It can be waterproof and fire-retardant , with CE,EN14960,SGS,EN71,ROHS certificates .
2. As for this movie screen , It is airtight type , you only need to inflate it one time by using air pump connecting electricity . If you often use it for a long time , the airtight type is the best choice ; Another is constant blowing type , you need to inflate it constantly by using blower connecting electricity . If you don't use it very often , the constant blowing type is also okay , it can be inflated and deflated very fast .
3. Workmanship :For the black part , a support frame , It is hot air welded through high-frequency machine ; For the white screen , we usually make some eyelets around it , then you fix it to the support frame by using ropes , as we can see from the pictures .
4. As for fixing the movie screen to the ground , we will install enough D shaped rings on the black pole , you can use some ropes to fix it , to make it enough steady .
5. As for shipping , If you only need one piece , shipping by express is the best choice , If you want more things , by sea is the best choice , it depends on your quantity . For package , we usually make a bag with PVC tarpaulin , then put the movie screen in the bag .
6. As for payment , we have TT , western union , moneygram and paypal , generally , we receive 50% deposit and we will arrange the production , when finished , we will take some photos for your confirmation , if it is okay , you can pay the balance and we will ship it out .
7. For Inflating , you only need connect air pump with valve and turn on the air pump , then it can be inflated within 5 minutes . For deflating , you only need to turn off the air pump .
8. Dear friend , if you are interested in this movie screen , pls let us know the size , color , logo you need , so that we can offer a good price , thank you .

Advantage:

1. High durability and best material
2. OEM accepted
3. Double and strong stitching
4. Very strong ,safe and steady
5. Best after-sale service
6. Good printing and perfect artwork
7. Cheap price and good quality
8. very fast to inflate and deflate
9. on-time delivery and safe shipment
10. Any styles , sizes , colors ,logo can be customized
11. Easy to get it repaired , only need spare material and glue

12. long life , use 3 years at least
