Descriptions:

1. As for this bumper ball , It is made of 1.0mm PVC , Its fixed width is 1.2m , can be waterproof and has a very good light transmission , with CE,EN14960,SGS,EN71,ROHS certificates . It is usually used to produce water ball , zorb ball , water roller , bumper ball and transparent tent . Don't worry , all our materials are purchased from best supplier , Plato factory , good quality and durable .
2. Workmanship : For bumper ball , we can see from the following picture , there are a lot of ropes connecting D rings on two sides to form a air layer , don't worry , our factory usually install enough D rings , to bear a very big impact force , good quality and durable , Actually , it is welded by 10 pieces PVC material , we usually reinforce all the seams , to make it stronger .
3. the weight of one piece is about 18 kg , if you need 10 pieces , the total weight is about 180kg , shipping by express is the best choice . If you need more , shipping by sea is a good choice .
4. As for this bumper ball , It is airtight type , you only need to inflate it one time by using air pump connecting electricity . It can be inflated about 1 minutes .
5. For Inflating , you only need connet air pump with valve and turn on the air pump , then it can be inflated within 1 minutes . For deflating , you need to remove the valve to let the air out .
6. As for durablepayment , we have TT , western union , moneygram and paypal , generally , we receive 50% deposit and we will arrange the production , when finished , we will take some photos for your confirmation , if it is okay , you can pay the balance and we will ship it out .
7. Dear friend , if you are interested in this bumper ball , pls let us know the size , color , logo you need , so that we can offer a good price , thank you .

Advantage:

1. High durability and best material
2. OEM accepted
3. Heat seal strongly
