Descriptions:

1. As for this bumper ball , It is made of 0.8mm transparent PVC , Its fixed width is 1.2m , can be waterproof and has a very good light transmission , with CE,EN14960,SGS,EN71,ROHS certificates.

Don't worry , all our materials are purchased from best supplier , Plato factory , good quality and durable. It is usually used to produce water ball , zorb ball , water roller , bumper ball and transparent tent .

2. Workmanship : For bumper ball , we can see from the following picture , there are a lot of ropes connecting colored D rings on two sides to form a air layer , It is very nice and great , don't worry , our factory usually install enough D rings , to bear a very big impact force , good quality and durable , Actually , it is welded by 10 pieces PVC material , we usually reinforce all the seams , to make it stronger .

3. For Inflating , you only need connet air pump with valve and turn on the air pump , then it can be inflated within 1 minutes . For deflating , you need to remove the valve to let the air out .

4. As for this bumper ball , It is airtight type , you only need to inflate it one time by using air pump connecting electricity . It can be inflated about 1 minutes .

5. the weight of one piece is about 18 kg , if you need 10 pieces , the total weight is about 180kg , shipping by express is the best choice . If you need more , shipping by sea is a good choice .

7. As for payment , we receive 50% deposit and we will arrange the production and 50% balance before shipping , we have TT , western union , moneygram and paypal , generally , when finished , we will take some photos for your confirmation , if it is okay , you can pay the balance and we will ship it out .

8. Dear friend , pls let us know the size , color , logo you need , if you are interested in this bumper ball , ,so that we can offer a good price , thank you .

Advantage:

1. Cheap price and good quality
