Website	www.inflatablewaterfun.com

Describe

- 1 Material : the best Plato 0.55 mm PVC tarpaulin ,water proof and fire retardanthave CE,EN71,EN14960 etc certificate.Plato is the best material factory in China,
- 2 Size: 10m(L)*8m(W)*6m(H). If the size is not suitable for you . it can be customized according to your requires
- 3 Workmanship :double and quadruple stitching ,evey improtant part will be reinforced ,such as connect part ,D-ring etc.So the quality is very good, it is no problem that working life is more than 3 years for normal used
- 4 Structure :sewn ,means by stitching ,need blowers working all the time to provide a constant air .We also have airtight structure.means by hot air welded ,once inflataed can last for a period of time .but it will more expensive than sewn
- 5 Inflate time :Only turn on the blower,it will automatic set up .and the inflatle time about 3-5 min,it will fast
- 6 Package :Turn off the blower,when not air insdie,you can roller and put in a bag
- 7 Shipment::If you not transportation agent in China.by sea is the best way .because the weight and package is very big. it will more expensive if by air or by DHL .If you urgent,by air or by DHL is ok.

Advantage

- 1 high quality and durable material
- 2 The fastest delivery time
- 3 More than 10 years professional manufacture experience
- 4 Our factory have many excellent designers and workers.Only you can image,we can help you to make
- 5 Best serve and after-sale
