Descriptions:

1. As for bubble tent with one tunnel, the transparent part is made of 0.8mm PVC , which has a very good light transmission and can be waterproof , its fixed width is generally 1.2m , we usually use the thickness 0.8mm and 1.0mm ; the white part is made of 0.6mm PVC Tarpaulin , which is waterproof , fire-retardant and UV resistant , its fixed width is 2.1m . These two kinds of materials have many colors , you can choose what you like . Don't worry , all our material are purchased from plato factory , very strong and durable , with CE , EN71 , EN14960 , Rohs certificates .

2. Workmanship : This bubble tent is made up of one bubble ball and one tunnels , welded strongly by high frequency machine . The bubble ball is constant blowing type , it needs to be inflated constantly by blower connecting electricity , so that people can stay inside for a long time . the tunnel is airtight type , it only needs to be inflated one time by air pump connecting electricity , so that people can get in anytime . The bubble ball hangs a piece of printing backdrop , to make a Christmas snow globe .

3. In order to make it inflated , you can connect air pump with valve on the tunnel tube , to blow the tunnel up first as it is airtight type , then use blower to connect the blower tube on the bubble , to set it up and stay constant blowing as the bubble ball is constant blower type .

4. In order to make it fixed to the ground , we will install some D rings at the bottom of the base and tunnel , to let you use some ropes to fix it , make it enough stable .

5. In order to shipp the goods better ,by express is good choice , Of course , If you want more than 3 pieces , by sea is good choice .The shipping way mainly depends on your demands .

6. In order to pack it , we will make a carry bag first , then roll the product up on a roll and put it away into the carry bag , it is very easy .

7. For all the inflatable products (not including accessories) , Our warranty time is generally 1 year .Within one year , if there is any quality problem , our factory will take the full responsibility to get it re-work , If failed , we will make a new one for you . Actually , when it is broken , it is easy to get it repaired , you only need to use the spare material and glue

8. As for payment , we have TT , western union , moneygram and paypal , generally , we receive 50% deposit and we will arrange the production , when finished , we will take some photos for your confirmation , if it is okay , you can pay the balance and we will ship it out .

9. Dear friend , if you are interested in this bubble tent with two tunnel , pls let us know the size , color , logo you need , so that we can offer a good price , thank you .

Advantage:

1. Cheap price and good quality
2. High durability and best material

3. OEM accepted
4. Welding by high temperature
5. Very strong ,safe and steady
6. Best after-sale service
7. Good printing and perfect artwork
8. very fast to inflate and deflate
9. on-time delivery and safe shippment
10. long life , use 3 years at least
11. Airtight type and constant blower type
12. Used for exhibition , party ,meeting or others
13. Easy to get it repaired , only need spare material and glue
