Descriptions:

- 1. Workmanship :** This bubble tent is made up of one snow ball and one airtight base , welded strongly by high frequency machine . The snow ball is constant blowing type , it needs to be inflated constantly by blower connecting electricity , so that people can stay inside for a long time . the base is airtight type , it only needs to be inflated one time by air pump connecting electricity , so that it can stand a very big weight. The snow ball hangs a piece of printing backdrop , to make a Christmas snow ball .
- 2. As for bubble tent with airtight base,** the white part is made of 0.6mm PVC Tarpaulin , which is waterproof , fire-retardant and UV resistant , its fixed width is 2.1m . the transparent part is made of 0.8mm PVC , which has a very good light transmission and can be waterproof , its fixed width is generally 1.2m , we usually use the thickness 0.8mm and 1.0mm ;These two kinds of materials have many colors , you can choose what you like . Don't worry , all our material are purchased from plato factory , very strong and durable , with CE , EN71 , EN14960 , Rohs certificates .
- 3. In order to make it inflated ,** you can connect air pump with valve on the base , to blow the base up first as it is airtight type , then use blower to connect the blower tube on the snow ball , to set it up and stay constant blowing as the snow ball is constant blower type .
- 4. In order to make it fixed to the ground ,** we will install some D rings at the bottom of the base, to let you use some ropes to fix it , make it enough stable .
- 5. In order to pack it ,** we will make a carry bag first , then roll the product up on a roll and put it away into the carry bag , it is very easy .
- 6. In order to shipp the goods better ,**by express is good choice if you only need one , Of course , If you want more than 3 pieces , shipping by sea is good choice .The shipping way mainly depends on your demands .
- 7. For all the inflatable products (not including accessories) ,** Our warranty time is generally 1 year .Within one year , if there is any quality problem , our factory will take the full responsibility to get it re-work , If failed , we will make a new one for you . Actually , when it is broken , it is easy to get it repaired , you only need to use the spare material and glue
- 8. As for payment ,** we have TT , western union , moneygram and paypal , generally , we receive 50% deposit and we will arrange the production , when finished , we will take some photos for your confirmation , if it is okay , you can pay the balance and we will ship it out .
