Size	Bubble ball : 3 m diameter ; base : 2.5 m Diameter by 0.35m high
Color	Transparent , white or customized
Weight	About 60 kg
blower / air pump	680W CE :220-240V UL :110V-115V
OEM	Different sizes , colors , logo can be produced based on your needs

Descriptions:

1. Workmanship : This bubble tent is made up of one snow ball and one airtight base , welded strongly by high frequency machine . The snow globe is constant blowing type , it needs to be inflated constantly by blower connecting electricity , so that people can stay inside for a long time . the base is airtight type , it only needs to be inflated one time by air pump connecting electricity , so that it can stand a very big weight. The snow globe hangs a piece of printing backdrop , to make it into a Christmas snow globe .

2. As for bubble tent with airtight base, the white part is made of 0.6mm PVC Tarpaulin , which is waterproof , fire-retardant and UV resistant , its fixed width is 2.1m , its thickness is usually 0.4mm , 0.45mm , 0.55mm , 0.6mm and 0.9mm . the transparent part is made of 0.8mm PVC , which has a very good light transmission and can be waterproof , its fixed width is generally 1.2m , we usually use the thickness 0.8mm and 1.0mm ;These two kinds of materials have many colors , you can choose what you like . Don't worry , all our material are purchased from plato factory , very strong and durable , with CE , EN71 , EN14960 , Rohs certificates .

3. In order to make it inflated , you can connect air pump with valve on the base , to blow the base up first as it is airtight type , then use blower to connect the blower tube on the snow ball , to set it up and stay constant blowing as the snow ball is constant blower type . In order to make it deflated , you only need remove the valve to make the tunnel deflated and turn off the blower to let the snow globe deflated .

4. In order to shipp the goods better ,by express is good choice if you only need one or two , Of course , If you want more than 3 pieces , shipping by sea is good choice .The shipping way mainly depends on your demands .

5. In order to make it fixed to the ground , we will install some D rings at the bottom of the base, to let you use some ropes to fix it , make it enough stable .

6. In order to pack it , we will make a carry bag first , then roll the product up on a roll and put it away into the carry bag , it is very easy .

7. For all the inflatable products (not including accessories) , Our warranty time is generally 1 year .Within one year , if there is any quality problem , our factory will take the full responsibility to get it re-work , If failed , we will make a new one for you . Actually , when it is broken , it is easy to get it repaired , you only need to use the spare material and glue

8. As for payment , we have TT , western union , moneygram and paypal , generally , we receive 50% deposit and we will arrange the production , when finished , we will take some photos for your confirmation , if it is okay , you can pay the balance and we will ship it out .

9. Dear friend , if you are interested in this bubble tent with two tunnel , pls let us know the size , color , logo you need , so that we can offer a good price , thank you .

Advantage:
