Product Description

100m Long Double lanes Inflatable Slip N Slide Green Blue With Logo

Specifications :

Product Name	Inflatable Slip N Slide
Type	Continuous blowing system
Material	Plato 0.45mm PVC tarpaulin and 0.6mm PVC Tarpaulin
Size	100m long x 5.8m wide
Color	Green N Blue
Logo	Available
Accessories	With 3 blowers ,a air pump and repair kits
Warranty	2 years

Details :

1. Continuous blowing system : It need to be blown continuously with blower connecting electricity , the first 3 parts are continuous blowing system ; Airtight system : It just needs to be blown once with air pump
2. Plato 0.45mm PVC Tarpaulin : all our materials are from Plato, a very famous material factory in China ; Regarding PVC Tarpaulin , It contains 3 layers which have double coated side with a strong net inside , with good quality and high durability ; the first 3 parts are continuous blowing system , so we usually use 0.45mm PVC Tarpaulin , the last part is a airtight pool , so we would use 0.6mm PVC Tarpaulin .
3. Size 100m long x 5.8m wide : It is a little long , in order to pack it well , we usually would devide it into 4 parts , the first part is 30m long , the second part is 30m long , the third part is 30m long , the last part is 10m long , the first 3 parts are continuous blowing system , the last part is a airtight pool , the water will flow in this pool and don't let out .
4. Accessories : as the first 3 parts are continuous blowing system , we will equip them 3 blowers ; the last part is airtight system , we will equip it a air pump . If need , we suggest the customer buy one more blower and one more air pump as a spare .
5. Repair kits : including some spare material and pvc glue , to get it repaired easily .
6. Warranty : Generally , we would guarantee 2 years . In this warranty period , if there are any quality problems , we will take full responsibilities for instructing you how to repair and getting it re-worked , if failed , we will promise to make a new one for you .
7. Certificates : Including CE , EN71-2-3 ,EN14960 , SGS , ROHS etc
8. Package : PVC bags - 120x85x85cm ; Carton bag for blowers - 50x50x45cm
9. Shipping : Regarding this Inflatable Slip N Slide , the total weight is about 580kg , shipping by sea is a good choice .
10. Different models , sizes , color , logo can be customized .

Application :

You can put it onto the street or hill , even other places , but it must be with a certain slope , about 15-30 angles . This is a water slide , you need to spray water on it when people are playing . of course , you also can put some soap foam on the slide , to make people faster to slide to the end . It is really interesting .

Advantages :

1. Being inflated about 2-3 minutes
2. Being deflated about 2-3 minutes
3. Customsized various products if only you can have a good idea
4. Our stitching machine is double stitching , very strong
5. Quality is good and price is competitive as we are a top factory
6. We will do a afer-sales service on a regular time
7. Under a good production capacity , it is no problem to be produced on time
8. Arranging fast shipping for you as soon as possible
9. Can be repaired easily and quickly
