Here below are the answer of original question

1 Is it fire retardant ?

Yes ,our material is fire retardant and water proof.if you have other special request,such as resist UV, Meet NFPA 701 standard etc.It also okay.but price will more expensive

2 Did it can resist strong wind ?

Yes,at frist the big tent weight is heavy,not easy to blow down or blow away.meanwhile there are many D-ring on the bottom and top for you to fix.Next our design meet the gas flow mechanics

3 The size is big /same,not suitable for me.could we can customize?

it is no problem. It can be customized according to your requirement such as size ,logo,color ,printing etc.Of course ,if you not like the picture please send a picture to us,then we make it according to your picture

4 How to set up

Spread out the tent, and find the valve connect pump and blower pump,turn on it. Next need some people to puss the roof .then it will set up fast. of course ,If need ,we also can go abroad hep you to set up

5 could i ship it by myself / Could you can help us to ship?

Yes.If you have forwarding agent in China.we will assist your agent to ship. If not forwarding agent,we can help you to ship. the best ship way is by sea,transportation time about 15 days -40 days ,according to different country.If urgent,by air is okay.
