Details :

- 1. Plato 0.45mm PVC Tarpaulin and 0.6mm PVC Tarpaulin :** all the materials of our products are purchased from Plato factory , It is a best material factory in China , the quality would be better than other material factory ;Regarding PVC Tarpaulin , It contains 3 layers , double coated side with a strong net inside ; as this city slide don't need to bear a bigger pressure , It is okay that we usually use 0.45mm in thickness , the middle 3 tubes are made of 0.6mm PVC Tarpaulin , which can reduce some material cost .
- 2. Constant blower system :** This inflatable Slip N Slide need to be inflated constantly with blower connecting electricity , the whole slide is constant blower system , except for the middle 3 tubes , which are airtight system . Airtight system : It only need to be inflated one time with air pump , the middle 3 tubes which form 4 lanes are airtight system .
- 3. Size 1200m L x 11m W :** This Slip N Slide is very big ,we usually would devide it into 40 parts , every part is 30m , with 2 arches , in total 80 arches , There are 4 slide lanes , each lane is 2m wide .
- 4. Accessories :** it has 40 parts ,so it would be equipped with 40 blowers , each part has one blower , it is ok to blow one part with a blower . as the middle tubes are airtight system , we would equip it with 4 air pumps .
- 5. Warranty :** For this giant Slip N Slide , we would guarantee 3 years . In 3 years' warranty period , if there are any quality problems , we will take full responsibilities for instructing you how to repair and getting it re-worked , if failed , we will promise to make a new one for you
- 6. Certificates :** CE , EN71-2-3 ,EN14960 , SGS , ROHS included .
- 7. Repair kits :** including green pvc material and blue pvc material as a spare , come with PVC special glue .
- 8. Package :** PVC bags for 40 parts - 130x100x100m ; Carton bag for 40 blowers- 51x51x45cm ; Carton bag for 4 air pumps - 21x21x18cm .
- 9. Shipping :** Regarding so long Slip N Slide , shipping by sea is the best choice , much cheaper than other any shipping ways .
- 10. OEM accepted .** Any sizes , colors ,logos can be customized .

Application :

Better to be placed onto street or hill , with a slope 15-30 angles
 Fixing water tube on the arches on which we usually stitch some velcro
 Spray water when people playing
 Suitable to hold a large recreational and exciting activity .
 Preparing some swin rings and some animal toys to make people lie on their stomach and slide to the end

Advantages :

1. OEM accepted , any model , size , color , logo can be customized
2. It is safe to use this type slide
3. Good quality and competitive price
4. Good after-sales service when you got your goods
5. High stitching workmanship and workers with a rich experience
6. On-time delivery under a high production capacity
7. Get it repaired easily : use some spare material and strong glue
8. Fast inflate and deflate : only need about 10 minutes to make them inflated and deflated
9. Durability , it is no problem to use 5 years at least
