#### 1. Material:

**PVC tarpaulin** to oxford fabric: Water-proof, fire-risistance, better quality and appearance, long life-span, much more durable.

So, if you need a tent for temporary use, or use it for couple of times, **oxford fabric** is the most economic way. For a long-term use, or events, in bad weather conditions, PVC tarpaulin is the best.

#### 2. Sewing:

Double stitching for every sewing part, quadruple for reinforcement part.

#### 3. D-ring set:

Quadruple layers PVC tarpaulin base with 316 stainless steel D rings together consisits our anchoring system.

Small D-rings or belt loops for **wires** and **lighting**.

#### 4. Printing:

Digital printing, silk print (screen printing)), hand painting. Vector formal image is best for digital printing.

#### 5. Blower:

Certificated blowers(CE,UL) with different standard and power level are available.
