Single product name	Quantities	Size
swimming pool	1	60*40*1.3m diameter
water slide	1	16*8m

Details :

1. This water park is made of frame pool and water slide. We use 0.9mm PVC Tarpauline special for frame pool and its density is more thick 26*28. The colour is also fixed for frame pool, inside colour is light blue, outside colour is dar blue. The water slide material is 0.55mm PVC Tarpauline, it is inflatable products and need to be inflated by blower constantly. All water games are used high strength and durable, waterproof and fire proof.
2. We make reinforcements inside at the welding seam which makes the products more durable and also more sealed, it can last longer after inflating.
3. Our D-ring is very strong enough for it is fixed by PVC Tarpauline inside and outside.
4. Our swimming pool is with a special design, the bottom of pool is conncted with the middle of pipe, which is to prevent water inside the gap and crack, also is good for cleaning. You can also put some obstacle games inside the pool to have fun, like swing, water roller, slide, ect.
5. We promise 2 years warranty for water park to customers, we will offer the repair kits and glue for you for fee. Besides, if quality problem, we will replace to you a new one.

Applications :

Inflatable water pack is widely welcomed by all over the world now, it can be seen in kindergarten, children center, parks and other amusement parks. Not only adults but also kids like the water park very much.
