

## Outdoor White Blow Up Water Floating Buoys Logo Printed PVC Water Toys For Alert

Our Product Introduction

for more products please visit us on [inflatablewaterfun.com](http://inflatablewaterfun.com)

### Basic Information

- Place of Origin: GuangZhou,China
- Brand Name: King Inflatables
- Certification: CE ,UL,SGS,EN71,EN14960
- Model Number: King -wt180
- Minimum Order Quantity: 1 pc
- Price: USD100-800PC
- Packaging Details: PVC Bag for inflatable products, and carton for air pump
- Delivery Time: 5-10 days
- Payment Terms: T/T,L/C,Western Union ,Money Gram,Euro account, US dollar account
- Supply Ability: 2000 pcs/month

### Product Specification

- Material: 0.9mm PVC Tarpaulin
- Size: 4mL\*0.65mD
- Color: White
- System: Airtight
- OEM: Yes
- Usage: Water Sport
- Highlight: giant inflatable pool floats, blow up water toys

Lead Time	5-10 days after receive 50% down payment
Notice	1. Accessary: air pump, Repair kits, carry bag, etc ; 2. Size, color and logo can be customized; 3. Welcome to visit our factory.

#### Our advantages:

1.The inflatable bouncer is made of 18oz Plato PVC Tarpaulin,614.6g/m2 nylon reinforced PVC.

Material parameter	EN14960:2013(E) standard	King Inflatable 18oz
Minimum tear strength	350N	Warp:391N Weft:368N
Minimum tensile strength	1850N	Warp:2411.5N Weft:2520N
Minimum coating adhesion	100N	Warp:101.8N Weft:81.8N

2.\*King Inflatable products are reinforced PVC Strips inside and outside on the reinforce jointing parts.

\*Buffer the stress caused by jumping and sliding, to be safe and increase the inflatable products life span.

\*When enough air pressure of the inflatable products, the power of air blowers would be reduced automatically, decrease the electric power consumption.

3.Skillful craftwork:To make seams waterproof and high tensility, we use 9 strands non-rotten yarn to stitch every of the reinforce jointing parts.

4.Material inside (baffles): All baffles we use are waterproof 0.3mm Plato PVC Tarpaulin.

5.Accessories: We use Germany zippers. The anchors used for fixing the inflatable on land are manufactured with stainless steel D-ring.

#### Workmanship

##### Digital cutting machine:

Automatically cutting.Perfectly cutting instead of traditional handwork.

##### Sewing machine:

We double stitching outside part and quadruple stitching the reinforce jointing part with 9-strands non-rotten yarn,ensure the quality,reliability and durability of our inflatables.Four to five stitching per inch.

##### High definition digital printing machine:

High definition digital printing, cover liquid film which import from U.S.After air dry,it become shine and attractive.Most importantly,the color could be protected by the film even if rain or tear.

##### China First class welding machines:

Perfectly welding each part of the inflatable products,the air sealed inflatable products(inflatable air sealed tents and inflatable water parks) would not air leak.Once our air sealed inflatable inflated by air pump,it could keep inflation more than one month.

#### Quality Control:

All of our products are manufactured using leading free vinyl,industrial thread and other heavy duty materials and designed with many features including double stitching and reinforced seams to ensure performance. From concept to creation, our design are guaranteed to fun and exciting for kids and adults favor. Meanwhile, OEM & ODM are accepted here.We have collected a team of top designers who are professional in using software such as Rhino, Maya,Lumion,Keyshot,CAD,3Dmax etc.We can design and produce any inflatable products with good quality to match your requirements.
